Let Owens Products Put a Little Spring in Your Step

Sturgis, MI (March 22, 2011) Owens Products, Inc., known for their sleek running boards with applications for pickups, vans, SUVs, and CUVs, is ready to put a little “Spring into your step!”

It’s been a long winter and spring may find you craving a new look as well as increased on the job performance for your pickup truck. Owens Commercial Boards are the choice for you! Built to stand up to the rigorous demands that professionals require on the job site, these aluminum boards are constructed of .100 diamond tread and have a 4” riser for heavy use. They are offered with your choice of either welded end caps, or bolt on stone guards and end caps. Both styles of aluminum boards are available with Owens optional “star burst grip”, delivering aggressive sure footing to this board.

And, if you’re looking to stand out with a toolbox that says I value my tools as much as my originality, the Owens Ellipse Series has your name all over it. The low profile design of these boxes allows a safety first feature—a clear vision from the cab of the truck. Sturdy, automotive grade struts allow for problem-free lid operation. The rotary-style, push button latches offer greater security and are conveniently located on the ends, allowing use with tonneau covers. Side boxes are extra wide for your larger items.

Whether you’re a hunting or automotive enthusiast, fleet owner or an independent contractor, a wide variety of top quality, Made in the USA products are only a click away and Owens newly designed website sports some serious pizzazz!

Search for your perfect product by make, model or part number. Enjoy the new commercial use products section as well as the U.S. dealer locator. Stop by and take a tour at www.OwensProducts.com

Owens Products, Inc., is a family owned business established in 1965, and dedicated to the manufacturing of innovative and quality focused products. Owens is a dominant force in the automotive aftermarket with product lines of plastic, fiberglass and aluminum running boards, aluminum tool boxes, dog boxes, garage and trailer accessories as well as its custom made products. Owens Products is an earth friendly company and works hard at reducing their environmental footprint. 800-726-9367.
